

## CEDAR SPRINGS 1-YEAR EXTENDED WARRANTY

This premium quality water cooler will give you reliable and trouble-free service. The unit you have purchased is no longer under warranty with the manufacturer, but Cedar Springs offers a special extended warranty. In the first 12 months from your purchase date or the start date of your rent to own, current customers of Cedar Springs receive full replacement of their cooler, in the unlikely event that your cooler requires repair. Cedar Springs will pick up and replace your cooler with one of equal value.

If you should encounter any problems with your cooler during Cedar Spring's 12 month extended warranty or after the warranty period you may contact Cedar Springs' customer service department.

Please refer to the top right hand side of your purchase invoice for the date that you purchased your rental unit.
